

## 2010 Spring Caravan – May 15

Perhaps the first opportunity for members and guests to get the creaks out of their rides, see the New York State countryside coming to life and as-a-bonus visit a first rate aviation history museum and NYS winery. Accumulate Active Membership Competition points.

Glen Curtiss Museum

The Glenn H. Curtiss Museum, bearing the name of Hammondsport's favorite son, is located on Route 54, one half mile south of the village of Hammondsport, New York. Dedicated to the memory of pioneer aviator, Glenn Curtiss, the museum contains a priceless collection relating to early aviation and local history. The museum also features a 75-seat theater, large open area for special events and a gift shop. In addition to seeing the museum displays and exhibits, visitors are welcome to visit the Restoration Shop, talk with volunteer craftsman and watch them work on historic aircraft.

The Glenn H. Curtiss Museum is among the most notable aviation museums in the United States due to its focus on the accomplishments of Glenn H. Curtiss, aviation pioneer and early motorcycle manufacturer. The museum includes a sizable collection of early aircraft and motorcycles, which illustrate the innovative genius of Glenn Curtiss.

Including originals and reproductions, some of the highlights of the museum's collection of 22 historic aircraft are: the June Bug, in which Curtiss made the first officially-observed, one-kilometer flight on July 4th, 1908; the 1909 Silver Dart, the first airplane to fly in Canada; a 1911 A-1 Triad seaplane, the U.S.Navy's first airplane; a 1913 Model E "Flying Boat"; a 1917 Jenny, a ¾ scale P-40E "Warhawk"; and at the museum entrance at the highway, is a 1943 C-46 "Commando" WW II transport.

Hammondsport, NY 14840

Wagner Vineyards is one of the oldest and most recognized wineries in the Finger Lakes Region of upstate New York. Centrally located on the eastern shore of Seneca Lake, Wagner's has been one of the region's most popular wine tasting destinations since opening in 1979.

First time wine tasters to connoisseurs are sure to find just the right wine at Wagner's. We produce over 30 types: reds, whites and blushes crafted from 20 grape varieties, all grown by Wagner. We are especially recognized for our selection of Riesling wines – from fully dry to dessert sweet ice, Wagner's award-winning Finger Lakes Rieslings are versatile & food-friendly.

The Wagner philosophy has always been that great wines begin in the vineyard. The winery's success can be attributed to the emphasis placed on quality control; from soil to wine, each step of the viticultural and winemaking processes are subject to strict standards of excellence.

Wagner's is also home to Wagner Brewing Co and The Ginny Lee restaurant.
