

Golden Gate Star-

SEE A GREAT AUTO COLLECTION AT THE ACADEMY OF ART

What: Tour of S.F. Academy of Art Auto Collection

When: Sunday, February 21, 2010, 10:00 a.m.

Where: Academy of Art, San Francisco

Cost: \$20 per person

Were you aware that there is a very impressive collection of classic cars tucked away in downtown San Francisco? On Sunday, February 21, we will have the opportunity to view the very special collection of Richard Stephens, the past President of the San Francisco Academy of Art. The collection is comprised of vehicles from European and American makers such as Auburn, Bugatti, Cord, Delage, Dusenber, Hispano Suiza, Lagonda, Marmon, Minerva, Packard, Pierce Arrow, Stutz, Talbot Logo, and a host of others.

The Academy of Art is just one of three U.S. universities offering a degree in Transportation Design, and the collection is used by students in this decade-old program as they draw inspiration for the design of tomorrow's automobiles.

The Academy of Art has recently purchased the building that once housed Mercedes-Benz of San Francisco on Van Ness Avenue with plans to make this the future permanent home of the collection. At this time we are unsure if our tour will be in the current or this new location, but either way it will be a once-in-a-lifetime opportunity to view automobiles from the 1920s and '30s that were specifically chosen for the collection because of specific design elements.

(Continued on page 8)

COLLISION REPAIR TECH EVENT RESCHEDULED

by Richard Simonds, Technical Director

What: Collision Repair Technical Event

NEW DATE: Saturday, February 27, 2010, 10:00 a.m.–2:00 p.m.

Where: European Collision Center, 180 – 12th Street, San Francisco

Cost: \$17 per person (includes lunch)—limited to the first 50 participants who sign up!

Although the focus of this event is on handling collision claims, there will be demonstrations of the technology that goes into properly repairing all Mercedes-Benz vehicles. The alloys used in recent models make it imperative that a well-trained staff handles the repairs. A body shop that has not been trained and does not have the technical resources and tools can leave you and your family vulnerable.

The information from this technical session can be placed with your automobile documents in case it's ever needed to negotiate with your insurance carrier.

Dennis Kirkpatrick, Manager at European Collision Center, 180 – 12th Street, San Francisco, will bring in a team of experts to cover the topics in our technical session. The focus is on collision situations. Key topics included in the presentations are:

Estimating – what goes into it

Claims process – what to know BEFORE a claim is filed with your insurance company

Body preparation and painting – the latest water-borne paint technology will be demonstrated

Alignment (body, frame, and wheels) – when it is needed and a demonstration of the latest technology

Final preparation before delivery – sanding, buffing, and polishing done right

A catered lunch will be served around noon. New reservation deadline date is February 19, and the reservation form on page 9 will ask you for any specific questions you may have about collision repair. We will take questions during the presentations. MBZ vehicles will be used to demonstrate the collision repair services that are being discussed.

2010 CALENDAR OF COMING ACTIVITIES

- FEB. 7 First Sunday Drive
- FEB. 21* Academy of Art Auto Collection, Eva Gordon (650) 834-2614
- FEB. 27* Collision Tech Session, Richard Simonds (650) 592-7613
- MARCH 7 First Sunday Drive
- MARCH 13* Tour of Jack Passey Collection, Frank Marcheski (831) 637-3453
- MARCH 18* Tour of CHP Academy, Bill Brandt (916) 399-1736
- APRIL 4 First Sunday Drive
- APRIL 18 Wildflower Train Ride, Eva Gordon (650) 834-2614

*Reservation form on page 9

BOARD MEMBER'S MESSAGE

by Eva Gordon, Activities Director

As we head into the new decade, and I into my third year as Activities Director, I am very proud of all the fabulous events we have held as well as those on the calendar for 2010. This will be an especially exciting year in the San Francisco Bay Area as we have some first-time local and national events and collections to explore. Here are some of the highlights.

In June, Mercedes-Benz will be the featured European Marque at the Palo Alto Concours—the largest Concours d'Elegance in the country with over 500 cars on the field in 2009. We are working closely with the PAC to recruit Mercedes-Benz to be displayed and judged, and we will also have a corral for those members who want to just attend with a clean car. If you have a car that you'd like to display, please contact Robert Schilling so he can be sure that you get an invitation to participate. If you can't participate, at least plan to attend and view some of the very impressive cars that will be on the field.

In August, MBCA is participating in an all-German concours, a new addition to the Monterey Historics Weekend, to be held in the beautiful Carmel Valley. This is a special national event for MBCA and is being supported by Mercedes-Benz USA. If you're interested in displaying a car or volunteering to help at the event, please contact Laura Simonds.

In October our section is hosting the Western States Driving Experience. This is our version of a mini-Starfest, and we're inviting members from all the sections in the Western states. Held in Willows at Thunderhill Raceway, the WSDE will provide defensive and performance driving instruction in addition to autocross and rally driving events. If you attended StarFest in 2008, you know how informative and fun this event will be. If you didn't attend StarFest, this is your opportunity to come and learn the limits of your car in a safe environment.

Also in October we are planning our Member Appreciation Event with an Oktoberfest theme. We will be returning to the Menlo Circus Club in Atherton where we celebrated our section's 50th Anniversary in 2008. We'll hold a casual "show and shine" car show on the polo fields while we enjoy a traditional Oktoberfest celebration.

Additional highlights for the year are the opportunities to view several private vehicle collections and not normally open to the public. The Academy of Art, Jack Passey, and Pat Matthews are all opening the doors to their garages in 2010.

In addition to our own great calendar of events we are working closely with our neighboring sections to increase the event offerings to all MBCA members. You'll see new faces at our events that are being advertised to the Sacramento Section, and you'll also see some Sacramento Section events advertised in our newsletter. The tour of the CHP training facility in Sacramento should be especially interesting for those who can get away on a weekday.

As an event planner, I couldn't be more pleased with the amount of input I have received from our members. It is because of all of you that we have such wonderful events and participation. The recent economic factors have played a major role in tailoring our events. We have listened to all of you and have been working hard over the past two years to make our events more relevant to our members. Thanks to all who conceptualize, organize, execute, and attend our great events!

FIRST SUNDAY DRIVES

First Sunday Events are casual driving events that are held on the first Sunday of every month. To be notified of the next First Sunday event please send an e-mail to join-SF@FirstSundayDrives.com. For more information and links to event photos, go to www.FirstSundayDrives.com.

Our fourth year of First Sunday Drives started with a great group traveling great roads. Starting in downtown San Rafael, we drove north along the edge of the bay and through the Lucas and Nicasio Valleys before heading east to the Carneros region of the Napa Valley. The drive ended at Domaine Carneros where one of our drivers had arranged for a beautiful private room where we enjoyed complimentary champagne and a selection of available wine tasting flights.

Two longer drives are planned for 2010—the northern Sonoma Coast in March and a two-day drive in the Gold Country in May. Be sure you're on the email list for advance details, and put every first Sunday on your calendar for 2010!

ELECTRONIC NEWSLETTER COMING

Have you opted in for the electronic newsletter? Not many members have done that yet, and we're certain there are many of you that would prefer to receive our newsletter electronically. Please take a moment right now and send an email to editor [Laura Simonds \(simondsl@pacbell.net\)](mailto:Laura.Simonds@pacbell.net) to opt in.

We want to be clear that this will be an opt-in choice for you. We will only send the newsletter electronically IF you choose to receive it that way. If you want to receive a printed newsletter via the postal service, you do not need to do anything. Your newsletter will continue to arrive monthly in your mailbox.

We also want to emphasize that MBCA has a very strict privacy policy. The club never sells or gives its membership list to any person or organization. Please be assured that your email address will never go beyond MBCA. So, if you want to receive an electronic newsletter, send an email NOW with your preferred email address to simondsl@pacbell.net. We hope to reach a critical mass of opt-ins to allow us to start sending the newsletter electronically soon.

BEHIND THE DOORS OF A PRIVATE AUTO COLLECTION

What: Tour of Jack Passey's Auto Collection

When: Saturday, March 13, 2010, 10:00 a.m.

Where: Residence of Jack Passey, Watsonville

Cost: \$15 per person; no-host lunch optional

Most of us probably don't know Jack Passey or of his incredible collection of majestic motorcars. But, please trust what SFBA Section member Jack Marcheski says about it—impressive, incredible, fabulous, amazing. And, Mr. Marcheski has made arrangements for our section members to have a private garage tour of Jack Passey's auto collection.

Few people have dedicated their lives to the preservation of old cars as Jack Passey has. He seems to have made it his mission to preserve the elegance and wonder of the great old cars of the classic era. In his quest, he has owned almost 200 antique and classic cars, including 92 Lincolns, 36 Packards, 15 Cadillacs, five Duesenbergs, 16 Pierce-Arrows, five Locomobiles, and three McFarlans. On our tour of his garage, we will likely find some Cunninghams (rare cars built in Rochester, NY between the world wars), a 1916 Packard twin six, some Locomobiles, a Lincoln L Dietrich Convertible Sedan, a 1930 Lincoln Roadster with a body by Locke, and a one-off 1936 Cadillac 8 70 coupe. Outside the garage, the grounds are full of many cars yet to be resurrected.

Mr. Passey's home is on the hillside a little east of Watsonville. However, we will meet at the "Wings of History," an air museum located at 12777 Murphy Avenue in San Martin (just south of Morgan Hill). From 101 south or north, take the San Martin Ave. West exit. You will see a sign to the Air Museum. We plan to gather at 10:00 a.m. and leave promptly at 10:30 for Mr. Passey's garage. We will caravan to Watsonville by way of Hecker Pass, down the edge of Madonna Mountain to Mr. Passey's home. A beautiful drive in itself!!

After our tour, there will be a no-host lunch at Sea Harvest on Highway One in Moss Landing. Send in your reservation form (on page 9) by the March 1 deadline. Questions, please contact Jack Marcheski at (831) 637-3453 (home) or (831) 524-5912 (cell).

SAVE THE DATE! WILDFLOWER TRAIN RIDE

Join us for the Wildflower tour on the Niles Canyon Railway on Sunday, April 18. Niles Canyon is located in the heart of the Livermore Valley Wine Country. The wildflower trains only operate in April and May during the blooming season, depending on Mother Nature. Complimentary wine tasting from local wineries is on board. We plan to leave around noon. You can also plan to bring your own food and beverages to enjoy on this two-hour scenic ride. Save the date on your calendar. You won't want to miss this rare opportunity. Details and reservation form will be in next month's newsletter.

SFBA HONORS PRESENTED AT 2009 HOLIDAY PARTY

Three prestigious awards were presented at the SFBA Section Holiday Party. The "Section of the Year" banner was presented by Western Regional Director Jack Weir to Section President Robert Schilling. Jack and National Treasurer Laura Simonds took delivery of the award banner at the national board meeting last November, and it will now be displayed with pride at many of our section events. For members who are interested, a copy of the application for this award is posted on our section website at www.mbca.org/sfba.

After presentation of the "Section of the Year" Award, Jack also presented Robert with the Western Region "Officer of the Year" Award. Robert saw several of his innovative projects come to fruition in 2009. The First Sunday Drives that he conceptualized and developed three years ago continue to be a huge local success, and the concept is now being rolled out by several other sections across the country. Last year Robert also developed a trial membership program in partnership with Mercedes-Benz of Walnut Creek. At the Holiday Party Alan Moffat, Service Manager at MBWC, spoke enthusiastically of the benefits of the program and the dynamic new relationship with MBCA. Under Robert's leadership, SFBA now has a strong and competent "pipeline" positioned to take on board and committee leadership roles in the future. Jack said, "Robert demonstrates a leadership style that promotes a strong team spirit among SFBA and Western Region members so that everyone takes pride in section successes." Congratulations, Robert!

Lindsay Drobilisch (left, with Robert Schilling, right) was surprised and thrilled to be honored as "Member of the Year" Award.

After accepting the "Officer of the Year" Award, Robert presented the 2009 "Member of the Year" Award to Lindsay Drobilisch. Robert highlighted Lindsay's passion for the club and its members as a driving motivation in her long-standing service to the section. Over the years she has planned and executed countless events for the section and Western Region—including the 2009 Holiday Party and the Travis Air Force Base and Academy of Sciences tours on the calendar for this year. At the end of 2009 Lindsay stepped down from her long term as section Secretary and has assumed the role of club Historian. Congratulations, Lindsay, and thank you for all that you do!

Western Regional Director Jack Weir (left) and SFBA Section President Robert Schilling were all smiles when Jack presented the "Officer of the Year" Award to Robert.

The 2009 SFBA board of directors gathered around our new banner to celebrate receiving the "Section of the Year" award.

CLASSIFIEDS

FOR SALE: W126 AMG steering wheel. Black, complete with horn pad. Leather needs some re-stitching but intact. Asking \$450 obo. Also, I have many NOS 50's-60's 190/220/300 series parts. Call Mike at (650) 771-6360.

Please support our commercial advertisers! They support our club. Be sure to tell them that you're a member of the club and saw their ad in this newsletter.

[Remember, classified ads are free to members, \$25 for non-members. Your classified ad will appear both in the newsletter and on our web site for one month. Send your "for sale" or "wanted" ad to Laura Simonds, editor, simondsl@pacbell.net, or (650) 592-6318 fax.]

A GLIMPSE INSIDE THE CHP ACADEMY

by Bill Brandt, Sacramento Section

What: Tour of the California Highway Patrol Academy
When: Thursday, March 18, 2010, 10:00 a.m.
Where: CHP Academy, West Sacramento
Cost: \$10 per person; no-host lunch optional

Have you ever wondered what is required to become an officer in the California Highway Patrol? It takes 27 weeks and over 1,100 hours in an intense training program that includes classroom instruction as well as practical emergency medical training, weapons training, and performance driving instruction. All this training takes place at the California Highway Patrol Academy in West Sacramento. The Academy is considered to be one of the premiere law enforcement training facilities in the country, with liaisons from all over the world coming to learn from them.

On March 18 we have the opportunity for a very special tour. Members of the Sacramento Section of MBCA have organized this very special event, and they have graciously invited SFBA members to join them at 10:00 a.m. on Thursday, March 18. Yes, you read that correctly—this event is held on a Thursday, the only day available for the CHP. After our two-hour tour of the facility, our group will drive to the Pheasant Club for a no-host lunch. If your schedule is flexible or you have a sick day in the bank at work, come and learn what it takes to be on the other side of the Ray Bans and radar guns!

The deadline for reservations is March 1 and the cost for the tour is \$10 per person. Space on the tour is limited, so if you're able to join in this most informative and interesting event, make your reservation immediately using the reservation form on page 9. Please be sure to include your e-mail address with your RSVP as SFBA members may organize a meeting location for a caravan drive. For more information or questions, please contact Bill Brandt at wbrandt1@sbcglobal.net or Robert Schilling at res.mbca@offserver.com.

A FESTIVE AND SPARKLING CELEBRATION TO WRAP UP 2009

by Donna Blenn

Happy 2010! Hopefully your holidays were merry and bright. If you didn't attend the 2009 Holiday Party, then you missed out on great food, a pleasant ambiance, a DJ that honored requests, and a very lively, dancing crowd. We've attended five of six holiday parties (there wasn't one in 2008), and this was, by far, the most fun. Maybe it was the size of the crowd (very intimate) or maybe because we partygoers missed not having one last year, but it seemed that everyone danced and talked and enjoyed the occasion. As we get older and wiser, we realize that we have to live every experience to the fullest, to make every moment count. I think many of the attendees brought that same feeling with them this year. Most of the crowd has had to deal with the trials and tribulations of financial regressions, and others have dealt with health issues, but on December 19, everyone left all that behind, got all dressed up, and came out to have a very pleasant and rewarding evening. Thank you, Lindsay Drobilisch, for making the arrangements and sticking with it, even though it was downsized and required some bargaining. It was GREAT, and it was good to see you feeling better, too! Let's do it again in 2010!

GREAT AUTO COLLECTION

(Continued from page 1)

Our tour begins at 10:00a.m. and will last approximately 2-3 hours. A no-host lunch at a nearby restaurant will be suggested with your registration confirmation. Attendance is limited to the first 60 participants, so send your reservation form (page 9) now and most certainly before the February 8 deadline. This is another rare opportunity for our club members to view a private collection. Questions, please contact Eva Gordon at (650) 834-2614 or eva@well.com.
